

## Avid Organics Appoints Bhaskar Banerjee as CFO & COO

Avid Organics Pvt. Ltd., a leading specialty chemicals manufacturer, today announced the appointment of Bhaskar Banerjee as Chief Financial & Operating Officer, effective 23/11/2025.

Banerjee brings over 20 years of global experience in financial leadership and operational transformation across manufacturing sectors. Most recently, he served as Associate Director at EY's Global Accounting Compliance & Reporting practice, where he led transformative initiatives across the United States, EMEA, and APAC regions, managing operations across multiple delivery centers and driving substantial cost optimization through centralization and automation.

"Bhaskar's appointment strengthens our leadership as we scale our global operations," said Dheeraj Jain. "His expertise in driving operational excellence while maintaining quality and compliance aligns with our commitment to sustainable growth in specialty chemicals."

In his role, Banerjee will oversee financial strategy, operational optimization, ESG reporting, and technology integration as Avid expands its manufacturing capabilities in glycolic acid, glycine, vanillin, and other high-purity specialty chemicals for pharmaceutical, food, and cosmetic applications.

"I'm pleased to join Avid Organics at this pivotal moment," said Banerjee. "The company's commitment to quality, innovation, and sustainable manufacturing provides a strong foundation for growth. I look forward to working with the team to strengthen our operational capabilities and expand our global reach."

### **About Avid Organics**

Avid Organics Pvt. Ltd. is a leading specialty chemicals manufacturer serving pharmaceutical, food, cosmetic, and industrial sectors worldwide. With FSSC-22000, ISO 9001, ISO 14001, and ISO 45001 certifications, alongside FDA, Halal, Kosher, and FSSAI approvals, Avid delivers high-purity ingredients including glycolic acid, glycine, vanillin, taurine, and sodium citrate. Committed to sustainable manufacturing, the company operates renewable energy-powered facilities while pursuing carbon neutrality goals.
